to me

Hi Cheryl,

I have 2 entries for this past month:

10/17 - Report of a loose black longhaired collie on Stone Jug Rd. wearing a red collar. The caller reported 2 of his chickens had been killed by the dog but they weren't able to catch the dog.

10/24 - Report of a loose black longhaired collie on Rt. 27 believed to be the same dog from the previous incident. Unfortunately I was unable to respond at the time nor have I been able to locate an owner. I haven't received any reports since.

Kyle Miller
