

## **Broadband Committee Report for November 2017**

As the assigned meeting date fell on Thanksgiving this year, the Broadband Committee did not meet.

Arthur McGuire gave an update on the Broadband situation at the Critchell residence on November 19th to the Critchells and four of their neighbors.

Arthur has also been placed on a monthly e-mail update from G-tel that he distributes to the committee members. We will comment at Town Board meetings as new information is shared by G-tel.
