

Broadband Committee Meeting Minutes

The Broadband Committee met on Thursday, October 4, 2018. Present were members Arthur McGuire, Chris Tallackson and Susan Raymond. Also present was Nancy Rutter.

The group discussed the following:

- Personnel changes at Gtel and recent inability to contact Frank Boscarillo, Jason Shelton's replacement at Gtel.
- Inviting presenters, particularly Gtel, to a Saturday Broadband presentation in November. We will follow up with Supervisor Ryan Skoda to find out what he has learned. (We have since learned that Ryan is setting up a meeting with Frank Boscarillo later this month and is getting other contact information from CEDC.
- Susan Raymond and others thought John Riley of Gallatin could make an excellent introductory speaker. Susan will try to contact him.
- If it appears we can proceed with the November meeting, this Committee will likely meet again this month to prepare for it.

Arthur McGuire
Chairman
