Minutes, Taghkanic CAC meeting

1/19/2017

Meeting on Thursday June 19 at 5:00 PM at Kadish home – 178 Snyderstown Road

Town residents present: Anna Kadish, Larry Kadish, Zita Kobos, Valerie Hoffmann, Frost White

Planned walks for the spring were discussed. Walks are planned for spring at the Kadish property, most likely in May. And then in September or October at another Taghkanic resident's property (to be determined). The spring walk will probably be held on April 22, most likely led by Gretchen Stevens of Bard College.

We also spoke about the town lectures planned for spring and fall. These will include the postponed talk on Wild Turkeys. John Roberts will arrange this talk. We also are hoping to have the postponed talk on culverts by Andrew Meyers, dates to be determined.

Membership in our CAC was discussed. We will probably limit membership to 5-7 people. This fits in with Columbia County regulations. There will be a Columbia County CAC meeting later this month. Since Anna and Larry Kadish will be out of town at that time, Valerie Hoffman will attend for the town. Frost White, a new resident of Taghkanic expressed interest in these meetings and in the Columbia County CLC. Anna Kadish will introduce Frost to Peter Paden and make sure that he is informed about all CLC activities.

We also mentioned the "Trees For Tribes" activity which is usually held usually in Taghkanic town hall. Tony LaSalvia usually organizes them, We will speak to him about that and see when he wants to schedule that.

The meeting was adjourned at 6:30 PM.

Next CAC meeting will be on Thursday February 16.
