

Traffic Safety Board Report

The Columbia County Traffic Safety Board met at the Public Safety Building in Hudson on March 22, 2018.

Poor pavement conditions caused by severe winter weather was the primary focus of the discussion. Route 66 over the Kline Kill in Ghent and Route 22 from New Lebanon to Austerlitz were specifically noted.

It was mentioned that there was a scheduled meeting at CGCC regarding a proposal to build a round-about on the east side of the Rip VanWinkle. I will try to get more information.

The next meeting of the Columbia County Traffic Safety Board is scheduled for May 24, 2018. This will be our annual dinner meeting. It will be held at the Chatham Grill beginning at 7 p.m.

Respectfully submitted,

Linda Swartz

CCTSB Representative for the Town of Taghkanic
CCTSB Recording Secretary
