

Traffic Safety Board Report

The Columbia County Traffic Safety Board held its first regular meeting of 2020 at the Public Safety Building in Hudson on January 23, 2020.

The Town of Taghkanic had no matters before the Board.

At the November meeting of the TSB, we learned that NYSDOT was once again requiring that towns submit professional traffic engineering studies using NYSDOT methodology along with speed limit requests. Columbia County Board of Supervisors and Columbia County DPW voiced their opposition to this requirement. Columbia County Highway Engineer Dean Knox reports that he will again be sending the requests to DOT.

The next meeting of the CCTSB is scheduled for March 26, 2020, at the Public Safety Building in Hudson.

Respectfully submitted,

Linda Swartz
Town of Taghkanic CCTSB Representative
and CCTSB Recording Secretary
