

**ZONING COMMISSION - DECEMBER 2017 MEETINGS REPORT
TO JANUARY 2018 TAGHKANIC TOWN BOARD**

The Zoning Commission met on 18 December 2017.

The Commission continued to develop the package of materials to introduce the draft code. It will be used for a review and finalization process in 2018. As stated last month, the process is as follows:

- ◆ First, the draft code will be presented to each Town Board member individually for gathering individual questions, concerns and input. Town Board Members' input will be considered for incorporation.
- ◆ The resulting draft code will then be presented to the Town Board and will be followed by the third Public Information Meeting. The result of that meeting will also be considered for incorporation.
- ◆ Following legal review the resulting draft will be presented to the Town Board for formal consideration and a Public Hearing.
- ◆ Final modifications will follow and the revised draft code will be presented to the Town Board for final review and adoption.

Residents are urged to read the minutes to get a sense of the detail and scope of the work. All minutes are posted on the website and provide detailed coverage of the discussions.

Next meetings: 15 and 29 January 2018. Meeting time continues to be 5:00 PM – 7:00 PM and all meetings are held at Town Hall.

Respectfully submitted,

Joyce Thompson, Chair
Town of Taghkanic Zoning Commission
5 January 2018
